KADIMA/USY

Jewish education goes beyond the classroom. Jewish youth groups help teens build important friendship and leadership skills, as well as tie them closer to the Jewish People. Our Kadima (6th through 8th grades) and USY (9th-12th grades) programs give teens a chance to have meaningful and fun experiences that are rooted in Conservative Jewish values. By being involved in Jewish youth group opportunities, teens gain a commitment to Jewish living.

Our chapter has monthly events, such as ice skating in Central Park, laser tag, game nights, temple sleepovers and so much more. By joining our temple chapter, teens have the opportunity to attend METNY divisional, regional and national events.
